# International Business Mail

International Business Mail is a service with a range of sorting and delivery options which covers Letters, Large Letters (previously known as Flats) and a mixture of post which includes parcels. All these are described in the International Business Mail User Guide.

Once you have selected the options you wish to use, calculate the price using the tables on the following pages.

For more information about International Business Mail and to view the User Guide, please visit [royalmail.com/internationalbusinessmail](https://royalmail.com/internationalbusinessmail)

## Four easy steps to calculate your postage cost.

For each pricing option:

- Multiply the number of items by the price per item
- Multiply the total weight (excluding the bag weight) by the price per kg
- Add these two amounts together
- You then need to add the cost of any supplementary services if using Zero Sort Premium.

**Please note:** A surcharge will be applied to Business Mail service prices. The current level of surcharge can be found at [royalmail.com/surcharges](https://royalmail.com/surcharges)

Mail prepared or presented incorrectly risks being delayed, since we have to remove it from our system and carry out the necessary work to ensure it can be delivered where possible. This is known as remedial work. The effect of any remedial work is to slow down mail, which increases costs. We have to pass these costs on to customers presenting items incorrectly. These costs may include charges from overseas postal authorities, if the item is in breach of international postal regulations. Please note that some items presented incorrectly may have to be returned to the original sender.

Charges for remedial work, as set out in the remedial work section of this rate card, will be made against the original product codes. These charges are agreed as representing the increased costs to Royal Mail caused by the need to perform the remedial work. Persistent failure to adhere to our service specifications will (or may) result in the termination of the service.

At the time of publication we have provided prices based on the current VAT and customs rules and regulations. These rules may be subject to change. Please keep up to date [royalmail.com/prices2020](https://royalmail.com/prices2020)

<sup>†</sup> All delivery aim figures are in working days except where weeks are stated, and exclude day of posting. Prices exclude surcharge and VAT. For surcharge level visit [royalmail.com/surcharges](http://royalmail.com/surcharges)

VAT is payable at standard rate for EU destinations and zero-rated for Rest of World destinations.

We have implemented a new Temporary Air Carrier Supplement to mitigate the increased air carrier costs. This is an additional cost, charged on the price per kilo for affected countries. To view the latest supplemental rates, please visit [royalmail.com/aircarriersupplements](http://royalmail.com/aircarriersupplements)

# Remedial work charges for International Business Mail

# Remedial work charges for International Business Mail

Mail prepared or presented incorrectly risks being delayed, since we have to remove it from our system and carry out the necessary work to ensure it can be delivered where possible. This is known as remedial work. The effect of any remedial work is to slow down mail, which increases costs. We have to pass these costs on to customers presenting items incorrectly. These costs may include charges from overseas postal authorities, if the item is in breach of international postal regulations. Please note that some items presented incorrectly may have to be returned to the original sender.

Charges for remedial work, as set out in the table below and will be made against the original product codes. These charges are agreed as representing the increased costs to Royal Mail caused by the need to perform the remedial work.

Please note that all remedial work will incur VAT at standard rates.

Please note	Solution	Charge
