International Business Mail

International Business Mail is a service with a range of sorting and delivery options which covers Letters, Large Letters (previously known as Flats) and a mixture of post which includes parcels. All these are described in the International Business Mail User Guide.

Once you have selected the options you wish to use, calculate the price using the tables on the following pages.

For more information about International Business Mail and to view the User Guide, please visit royalmail.com/internationalbusinessmail

Four easy steps to calculate your postage cost.

For each pricing option:

- Multiply the number of items by the price per item
- Multiply the total weight (excluding the bag weight) by the price per kg
- Add these two amounts together
- You then need to add the cost of any supplementary services if using Zero Sort Premium.

Please note: Surcharges and remedial charges might effect your pricing. To check the charges that may apply please visit royalmail.com/surcharges

All items of non personal correspondence/goods sent to EU* or Rest of world destinations require a fully completed customs declaration (CN22/CN23) and accompanying custom data supplied from an approved shipping solution. Non compliant items may be delayed or returned to sender.

*Excludes items sent from Northern Ireland to the EU.
