Important information and helping you fill in the form
For your security
• All mail diverted through the Redirection service will be clearly labelled as Redirected. This will help you identify which individuals or companies still need to be updated with your new address.
• Importantly, using our service will help to protect against the real risk of ID theft if your important mail were to fall into the wrong hands.
• For your security we will not set up a Redirection unless we are satisfied as to your identity and authority to make an application.
Redirected mail
• We need at least 5 working days to set up or renew your Redirection.
• You can redirect Royal Mail Special Delivery Guaranteed and Royal Mail Signed For Deliveries within the UK (delivery may take longer).
• We cannot redirect mail from multi-occupancy addresses such as nursing homes, hostels, hotels or halls of residence. This is due to the high number of people living at the address with one communal letter box/reception.
• We can only redirect Royal Mail deliveries and will not be responsible for the delivery service provided by other postal operators.
